

HELPING HANDS

*“Helping hands, helping one another
I do all I can, with my helping hands”*

Helping Hands is a program for clubs with lower membership (not necessarily to 12) that need an extra boost of fresh ideas, evaluations, even speeches to make the club meetings stronger. The goal is to reenergize the existing members and help turn visitors into members.

The Helping Hands are 3 to 4 experienced Toastmasters who are willing to energize a club meeting for 3-4 consecutive meetings. Helping Hands must not be a member of the target club when the program begins.

For more details, check out the [Helping Hands Page](#)
